Disinterested Opinion

"I see you are handling Kuppenheimer's line of Clothing," said a prominent wholesale grocer.

"You ought to advertise them. This is a Kuppenheimer suit. I have on and it's the only line of ready to wear clothing from which I have ever been able to get a proper fit, and I have tried all of the advertised lines in the city."

There are a great many others who have told us the same thing since they have an opportunity of seeing our spring line and we are anxious to have you call and express your opinion.

LITERARY AND DEBATING SOCIETY

Has Been Formed at Fort Barrancas With a Membership of Over Forty.

What promises to be a very valuable aid to the social and intellectual life of the garrison at Fort Barrancas was inaugurated on Monday April 2nd in the shape of the Barrancas Literary and Debating Society.

Forty of the best men of the post have already joined and Chaplain Perry and Lieutenant W. K. Wilson are numbered with the charter members.

The officers are: President, Sergeant McGrath; Vice-President, Sergeant Neilson; Secretary and Treasurer, Assistant Librarian, Howard Russell.

The first subject for debate, a humorous one was "Is the mosquito more bothersome to mankind than the fly?"

A very spirited debate ensued and many interesting and funny things were said about these two pests. Secretary Russell contributed a piece of poetry on the fly as follows:

Is the skeeter,
Horrid creature,
A worse feature
Than the fly?
I don't think so.
I hate a fly.

He gets in your eye
Lakewise in your eye
In your drink of old eye
He is likely to die.
The damned little fly.

For flies like to drown
Their sorrows in booze
In threes and in twos
Like me and like you're

The ubiquitous fly,
The inquisitive fly
You cannot apply
Enough curses, say I
To the beast of a fly

I once loved a girl
And was telling my love
I had opened my mouth
And was just "going south"
With—"My darling, my love,
The fair stars up above
Aren't as bright as thine eyes."

You know all that flame,
It is usually a sham.
My passion to tell,
When a damned little fly
Flew right down my throat
And I uttered a yell,
And spluttered, Oh, Hell!

And the girl with a frown,
She just turned me down.
And ever since then
Between you and I,
As the devil hates good
I have hated a fly.

The debate for the meeting on April 16th promises to be unusually interesting. The subject selected is: "Resolved that the United States should sell the Philippines Islands."

A good array of clever debaters are at work on their arguments and the discussion is sure to be productive of much timely interest.

SPRING OPENING AT THE STANDARD

EACH VISITOR TO BE PRESENTED WITH A SOUVENIR—SPLENDID STOCK ON DISPLAY.

The Standard Clothing Company's big spring opening comes off today.

There is more than a passing significance when this firm undertakes anything, it is never done in a half-hearted way.

It is not just a plain, ordinary spring opening, but one at which will be

C. C. Goodman, Proprietor of The Standard Clothing Co.

shown a line of clothing, shoes, hats and gents' furnishings which will dazzle the eyes of all lovers of pretty things. The stock comprises all the latest styles and colors, all the latest shapes and there is enough to select from to insure absolute satisfaction to everyone.

Mr. Goodman, proprietor of the Standard, is an enthusiastic worker, and believes in everything that is for the advancement of Pensacola, and his big establishment is a credit to this city.

Each visitor will be presented with a souvenir today.

About Rheumatism. There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

\$100.00 REWARD

THOMPSONS

Special to The Journal.

Thompkins, April 4.—Mr. James Spina and wife of Millville were in town Sunday.

Your correspondent has had a boll on one hand and a sawed thumb on the other which prevented the use of pen or pencil for some time.

Mr. John Porter went to Escambia to spend Sunday with his family.

Mr. John Scanlon expects to move in town from his homestead for the purpose of his family getting a chance at the school.

A Thousand Dollars Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure, then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me \$1000 worth of good."

Foley's Kidney Cure will cure every form of kidney or bladder disease, W. A. D'Alemberte, druggist and apothecary.

Animals That Do Not Grow Thirsty.

There are many different kinds of animals in the world that never in all their lives sip so much as a drop of water. Among these are the llamas of Patagonia and the gazelles of the far east. A parrot-lived for fifty-two years in the zoo at London without drinking a drop of water, and many naturalists believe the only moisture imbibed by wild rabbits is derived from green herbage laden with dew.

Many reptiles—serpents, lizards and certain batrachians—live and thrive in places entirely devoid of water, and sloths are also said never to drink. An arid district in France has produced a race of nondrinking cows and sheep, and from the milk of the former Roquefort cheese is made. There is a species of mouse which has established itself on the waterless plains of western America and which flourishes notwithstanding the absence of moisture.
